Hi Dave, Really good to see you and catch up with you in Florida the other day. As you saw at the booth, we're serious about working with law enforcement to keep neighborhoods safe.

I am attaching the MOU that is required to be signed prior to onboarding (a formal training day dedicated to ensuring a quick start and effective use of the service). Consistent with all Ring LE initiatives, there is no cost associated with the training (or any aspect of portal).

Take a look and let me know what you think. As I mentioned at the show, we will need your chief to be onboard for this to be effective. So anything I can do to assist, with your chief, city council or others, please let me know.

Again, it was good to see you and I look forward to working with you soon.

Good Morning David,

Trying to reset the conversation and thought this update might be helpful:

1. The Law Enforcement Portal was released on February 23rd. We have three agencies being on-boarded (as beta accounts) with the last one scheduled to be completed on March 22nd. After a period of time (possibly 30 days), there are a number of additional agencies throughout the US scheduled to gain access to the portal.
2. The subsidy program we discussed has been uncoupled from the LE Portal program. We are working with several cities separate from law enforcement to offer city subsidies. The basic offer is \$50 from Ring along with \$50 from the city, or \$75+\$75 for larger programs.

Before presenting this to your city counsel, I thought it might be best to sync up on what we want to accomplish. The LE Portal onboarding has become more formal than I initially presented. It requires participation from a number of stakeholders in the department and honestly, I'm not sure we had that level of buy-in from Lt. MacPherson. Below is a cut & paste from the onboarding prep email on required attendance for the meeting:

Systems Admin Contact: A master agency credential will be provided to the department. The Aliso Viejo technical administrator (Admin) will be responsible for providing and managing log-in credentials to individual users within the department.

Social Media Contact: Ring Neighborhoods is a social sharing site. While our motto of "low frequency, highly relevant content" is accurate, the effectiveness of this engagement will only be as powerful as our combined efforts make it. Ring Neighbors post video content based on suspicious and/or criminal activity inviting Neighbor response. Aliso Viejo use of the LE Portal to comment on Neighbor posts and to inform your community of crime alerts/activity is an essential element of our program.

Public Information Contact: Prior to activating LE Portal for your agency, Ring will notify our Neighbors that we are working with Aliso Viejo. We will work with Agency to create a mutually acceptable message that is

concise, accurate and reflective of the goals of the program. Aliso Viejo input and approval on that message is required.

Detective/Investigative Contact: Those charged with use of portal will be trained on how to engage in the Neighborhood conversation, how to post crime alerts and how to request video when investigating criminal activity.

Legal Contact: Discussion on video technology, evidence preservation, chain of custody, etc., as well as appropriate (approved) language for messaging Ring Neighbors of this engagement.

Please put some thought into this and let me know how you'd like to proceed. If you want to discuss, please feel free to call me anytime at [REDACTED]

Thanks David. Ray

David, Good afternoon. Wanted to reach out to see how you're doing. We have three departments moving into beta mode on the LE Portal the week of March 15th, so we're starting to look down the road to line up additional municipalities for late Q1 and Q2 onboarding. Still a lot of moving parts, but its beginning to make sense.

Have you had a chance to review what I sent? If you have questions, or if you want to get together to discuss, I would be happy (grateful actually) to stay in Orange County for a day to meet.

Either way, shoot me an update when you can.

Hope things are well. Ray

Hi Dave, I'm getting settled into an incredibly fast paced environment at Ring, but I didn't want you to think I forgot about you. As I mentioned in our meeting, Ring is working toward a one page "engagement form" for cities that will incorporate our commitments and the city's expected involvement, particularly as it pertains to engaging with the community.

This is actively being developed by working with a number of cities in an effort to get the language right (in a way that addresses agency or city council questions). I hope to have something available for you by the end of the week.

After you review what I send and if it matches up with what I presented, I definitely want to take you up on your offer to speak in front of the City Council.

Thanks again and I look forward to speaking again soon.

Ring wants to help reduce crime and increase safety in Aliso Viejo, California

Ring is excited to propose a solution to Aliso Viejo Police Department (AVPD) to help reduce crime and assist with investigations in your community.

Program Description

This program will provide AVPD access to the Ring Neighborhoods platform to communicate with Ring Neighbors and encourage community engagement as we work together to make Aliso Viejo neighborhoods safer.

- The Ring Neighborhoods platform is a digital neighborhood watch that both law enforcement and the public can access free of charge by downloading the Ring mobile app (iOS and Android).
- The app allows Ring Neighbors to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, AVPD may:
 - Utilize the critical crime and safety events that are posted in the app by neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep neighbors informed regarding issues in their neighborhoods.
- In addition, AVPD and Ring may work together to offer subsidized Ring cameras to select parts of Aliso Viejo.

Responsibilities

Ring

- Make the Ring App available to Aliso Viejo residents free of charge.
- Donate Ring cameras to AVPD or an area of Aliso Viejo based on the number of qualifying downloads of the app that result from the program. Each qualifying download will count as \$10 towards these free Ring cameras. Ring will seed the program with an initial donation of ten (10) Ring cameras.
- Make the Ring Neighborhoods portal available to AVPD, free of charge, including support and training for AVPD employees.
- Work with AVPD to obtain data/call logs and publish the relevant incidents in the app based on terms agreed to with AVPD. AVPD will have the sole discretion to determine what information will be provided to Ring to be published. Because there is information that is exempt from public disclosure under the law or would compromise a pending investigation if publicly disclosed, any information provided to Ring will be information that the Sheriff's Department would make publicly available.
- As appropriate, subsidize the purchase of Ring cameras by Aliso Viejo residents as part of a

formal subsidy program.

AVPD

- Engage the Aliso Viejo community with outreach efforts on the platform to encourage adoption of the platform/app.
- ~~Choose how the free Ring cameras should be distributed. There are two options:~~
 - ~~Cameras will be donated directly to AVPD. AVPD will in turn distribute these cameras to the community as part of its outreach programs.~~
 - Ring will directly distribute these cameras to the local community, with input from AVPD.
- Maintain appropriate access controls for AVPD personnel to use the Ring Neighborhood Police portal.
- Make publicly available data related to AVPD incidents/call logs available to Ring as determined by AVPD, on a mutually agreed-upon basis.
- Have the option, but not obligation, to participate in a subsidized camera program.

Commented [SN1]: What does this mean?

Term

AVPD's participation in the program shall commence upon AVPD's acceptance of these program terms. Either party may terminate AVPD's participation in the program at any time upon providing written notice to the other party. The Ring Neighborhoods Portal will be available to AVPD around Fall 2018. The written notice required under this section is to be sent to the following persons:

For AVPD: _____ For Ring LLC: _____

Name: _____ Name: _____
Address: _____ Address: _____

Press Release

The parties shall agree to a joint press release to be mutually agreed upon by the parties.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to AVPD without the prior consent of the owner or a properly issued subpoena or search warrant, as applicable. AVPD agrees not to use the Ring Neighborhoods Police Portal other than as expressly authorized by Ring and other than in connection with bona fide AVPD work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Ring app and Neighborhoods Police Portal.

Commented [SN2]: What does this mean? Is there going to be a separate authorization? How will OCSD know what is "expressly authorized"?

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

Unless otherwise required by law, AVPD shall keep the terms of this program confidential.

Commented [SN3]: Because we're a public entity, we can't agree to confidentiality. This agreement would be public record.

She is the one responsible for the two agreements (Arcadia and Montclair) you mentioned this morning.

I also want to take this opportunity to bring Morgan Culbertson into the conversation. As we move toward a launch of the Neighbors Portal with your Police Department, Morgan will help with the messaging to insure maximum participation from the community on this digital neighborhood watch platform.

Contact info for both is below. I'll follow up as warranted moving forward. Thank you again for meeting, the introduction to the Sergeant and your interest in our program.

Ring Partners With LAPD To Reduce Crime In Wilshire Park

October 12, 2018

Ring wants to help reduce crime and increase safety in Aliso Viejo, California

Ring is excited to propose a solution to Aliso Viejo Police Department (AVPD) to help reduce crime and assist with investigations in your community.

Program Description

This program will provide AVPD access to the Ring Neighborhoods platform to communicate with Ring Neighbors and encourage community engagement as we work together to make Aliso Viejo neighborhoods safer.

- The Ring Neighborhoods platform is a digital neighborhood watch that both law enforcement and the public can access free of charge by downloading the Ring mobile app (iOS and Android).
- The app allows Ring Neighbors to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, AVPD may:
 - Utilize the critical crime and safety events that are posted in the app by neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep neighbors informed regarding issues in their neighborhoods.
- In addition, AVPD and Ring may work together to offer subsidized Ring cameras to select parts of Aliso Viejo.

Responsibilities

Ring

- Make the Ring App available to Aliso Viejo residents free of charge.
- Donate Ring cameras an area of Aliso Viejo based on the number of qualifying downloads of the app that result from the program. Each qualifying download will count as \$10 towards these free Ring cameras. Ring will seed the program with an initial donation of ten (10) Ring cameras.
- Make the Ring Neighborhoods portal available to AVPD, free of charge, including support and training for AVPD employees.
- Work with AVPD to obtain data/call logs and publish the relevant incidents in the app based on terms agreed to with AVPD. AVPD will have the sole discretion to determine what information will be provided to Ring to be published. Because there is information that is exempt from public disclosure under the law or would compromise a pending investigation if publicly disclosed, any information provided to Ring will be information that the Sheriff's Department would make publicly available.
- As appropriate, subsidize the purchase of Ring cameras by Aliso Viejo residents as part of a formal subsidy program.

AVPD

- Engage the Aliso Viejo community with outreach efforts on the platform to encourage adoption of the platform/app.
 - Ring will directly distribute these cameras to the local community, with input from AVPD.
- Maintain appropriate access controls for AVPD personnel to use the Ring Neighborhood Police portal.
- Make publicly available data related to AVPD incidents/call logs available to Ring as determined by AVPD.
- ~~Have the option, but not obligation, to participate in a subsidized camera program.~~

Term

AVPD's participation in the program shall commence upon AVPD's acceptance of these program terms. Either party may terminate AVPD's participation in the program at any time upon providing written notice to the other party. The Ring Neighborhoods Portal will be available to AVPD around Fall 2018. The written notice required under this section is to be sent to the following persons:

For AVPD:

Name:
Address:

For Ring LLC:

Name:
Address:

Press Release

The parties shall agree to a joint press release to be mutually agreed upon by the parties.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to AVPD without the prior consent of the owner or a properly issued subpoena or search warrant, as applicable. AVPD agrees not to use the Ring Neighborhoods Police Portal ~~other than as expressly authorized by Ring and~~ other than in connection with bona fide AVPD work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Ring app and Neighborhoods Police Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

The parties acknowledge that AVPD may be subject to certain laws or ordinances which require disclosure of recordings obtained by AVPD to the public and Ring agrees that certain materials may be disclosed as required by law pursuant to lawful requests. Unless otherwise required by law, the Parties shall keep the terms of this program confidential.

~~Unless otherwise required by law, AVPD shall keep the terms of this program confidential.~~

Mr. Doyle and Sgt. Gardner, Attached please find a working copy of the MOU we discussed. I think you'll be pleased with the limited number of modifications made to your redline. Let me know if this will work for you.

Also, if this is good, feel free to accept the changes, sign and return. Otherwise, again if it's good to go, just let me know and I'll accept the changes and present you with a signed copy for your countersign.

If there are any additional questions or concerns, please let me know and we can address them. We are running about a 3 to 4 week onboarding timeline right now, but expect that to increase after the new year.

Thank you. Looking forward to working with you.

Sergeant Gardner, Hope the holidays are going well. It's been awhile since we connected so I thought it might be good to reach out to sync up. The following is a status report form our system, followed by some notes I put together. After you review it, let's plan a quick call to catch up and put together a plan on how to advance the MOU and get Aliso Viejo PD on portal.

Agency: Aliso Viejo Police Department (OCSD)

MOU Status: Their Legal. We responded with minor changes to their redline submission

Notes: This was separated into two agreements, one for subsidy and one for Portal. Subsidy handed to Stacey internally.

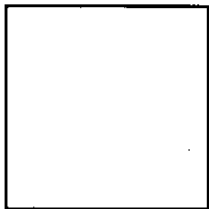

12-26 Update: Awaiting response from AVPD on redline response.

I hope this helps. Let me know if you'd like to schedule a call to discuss further.

FYI

This morning Ring was onsite and provided training to all OCSD investigators on the Ring portal and how best to engage the public. The training was a HUGE success. In fact, so much so, that the Sheriff wants OCSD as a whole to develop a partnership with Ring. Once again, AV leads the way and all others follow. Congrats to the City Council for authorizing this partnership and please get the word out, we still have over 100 camera discount vouchers available for our residents.

ALISO VIEJO eNEWS

Aliso Viejo Police Services joins Neighbors by Ring

The Orange County Sheriff's Department Aliso Viejo Police Services is joining the free Neighbors app by Ring to provide our community with real-time, local crime and safety information. With millions of users, the Neighbors network has been instrumental in catching package thieves, stopping burglaries, and keeping neighborhoods safe.

Aliso Viejo is the first Orange County city the Sheriff's Department contracts with to partner with Ring on the app.

Residents can text AlisoViejoCA to 555888 from their smartphone to download the Neighbors app for free on iOS and Android and use the app to join their neighborhood, share crime and safety-related videos, photos and text-based posts; and receive real-time safety alerts from their neighbors, local law enforcement and the Ring team.

How It Works

- Text **alisoviejoca to 555888** or click here: download.ring.com/alisoviejo from your smartphone to download the app for free on iOS and Android.
- Opt-in to join your neighborhood.
- Customize the geographic area you want to receive notifications for (users must verify where they are located and cannot participate in other neighborhoods).
- Receive real-time alerts from your neighbors, local law enforcement and the Ring team that inform of crime and safety alerts as they happen.

- View local crime and safety posts via a live feed or interactive map.
- Share text updates, photos and videos taken on any device, including Ring's home security devices.
- Work with your community to make neighborhoods safer.

Sergeant Gardner, Hope the holidays are going well. It's been awhile since we connected so I thought it might be good to reach out to sync up. The following is a status report from our system, followed by some notes I put together. After you review it, let's plan a quick call to catch up and put together a plan on how to advance the MOU and get Aliso Viejo PD on portal.

Agency: Aliso Viejo Police Department (OCSD)

MOU Status: Their Legal. We responded with minor changes to their redline submission

Notes: This was separated into two agreements, one for subsidy and one for Portal. Subsidy handed to Stacey internally.

12-26 Update: Awaiting response from AVPD on redline response.

I hope this helps. Let me know if you'd like to schedule a call to discuss further.

Dave, Very nice seeing you this morning and thank you again for the introduction to Sgt. Gardner. I'll follow up with him directly, keeping you on copy.

For the subsidy program, I would like to introduce someone much smarter than I when it comes to working with cities on these programs. Stacey Cooke is our National Events Manager and works directly with cities to insure successful subsidy events. She is the one responsible for the two agreements (Arcadia and Montclair) you mentioned this morning.

I also want to take this opportunity to bring Morgan Culbertson into the conversation. As we move toward a launch of the Neighbors Portal with your Police Department, Morgan will help with the messaging to insure maximum participation from the community on this digital neighborhood watch platform.

Contact info for both is below. I'll follow up as warranted moving forward. Thank you again for meeting, the introduction to the Sergeant and your interest in our program.

Ring Partners With LAPD To Reduce Crime In Wilshire Park

October 12, 2018

Ring wants to help reduce crime and increase safety in Aliso Viejo, California

Ring is excited to propose a solution to Aliso Viejo Police ~~Services~~Department (AVPSD) to help reduce crime and assist with investigations in your community.

Program Description

This program will provide AVPSD access to the Ring Neighborhoods platform to communicate with Ring Neighbors and encourage community engagement as we work together to make Aliso Viejo neighborhoods safer.

- The Ring Neighborhoods platform is a digital neighborhood watch that both law enforcement and the public can access free of charge by downloading the Ring mobile app (iOS and Android).
- The app allows Ring Neighbors to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, AVPSD may:
 - Utilize the critical crime and safety events that are posted in the app by neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep neighbors informed regarding issues in their neighborhoods.
- In addition, AVPSD and Ring may work together to offer subsidized Ring cameras to select parts of Aliso Viejo.

Responsibilities

Ring

- Make the Ring App available to Aliso Viejo residents free of charge.
- Donate Ring cameras to an area of Aliso Viejo based on the number of qualifying downloads of the app that result from the program. Each qualifying download will count as \$10 towards these free Ring cameras. Ring will seed the program with an initial donation of ten (10) Ring cameras.
- Make the Ring Neighborhoods portal available to AVPSD, free of charge, including support and training for AVPSD employees.
- Work with AVPSD to obtain data/call logs and publish the relevant incidents in the app based on terms agreed to with AVPSD. AVPSD will have the sole discretion to determine what information will be provided to Ring to be published. Because there is information that is exempt from public disclosure under the law or would compromise a pending investigation if publicly disclosed, any information provided to Ring will be information that the Sheriff's Department would make publicly available.
- As appropriate, subsidize the purchase of Ring cameras by Aliso Viejo residents as part of a formal subsidy program.

AVPD

- Engage the Aliso Viejo community with outreach efforts on the platform to encourage adoption of the platform/app.
 - Ring will directly distribute these cameras to the local community, with input from AVPSD.
- Maintain appropriate access controls for AVPSD personnel to use the Ring Neighborhood Police portal.
- Make publicly available data related to AVPSD incidents/call logs available to Ring as determined by AVPSD.
- ~~Have the option, but not obligation, to participate in a subsidized camera program.~~

Term

AVPSD's participation in the program shall commence upon AVPSD's acceptance of these program terms. Either party may terminate AVPSD's participation in the program at any time upon providing written notice to the other party. The Ring Neighborhoods Portal will be available to AVPSD around Fall 2018. The written notice required under this section is to be sent to the following persons:

For AVPSD:

Name: Lt. Chad Kajfasz
Address: 12 Journey, Suite 100
Aliso Viejo, CA 92656-5335

For Ring LLC:

Name:
Address:

Press Release

The parties shall agree to a joint press release to be mutually agreed upon by the parties.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to AVPSD without the prior consent of the owner or a properly issued subpoena or search warrant, as applicable. AVPSD agrees not to use the Ring Neighborhoods Police Portal ~~other than as expressly authorized by Ring and other than in~~ connection with bona fide AVPSD work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Ring app and Neighborhoods Police Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

The parties acknowledge that AVPSD may be subject to certain laws or ordinances which require public disclosure of records and recordings obtained by AVPSD to the public and Ring agrees that certain records and materials, including this agreement, may be disclosed as required by law pursuant to lawful requests. Unless otherwise required by law, the Parties shall keep the terms of this program confidential.

Ring wants to help reduce crime and increase safety in Aliso Viejo, California

Ring is excited to propose a solution to Aliso Viejo Police Services (AVPS) to help reduce crime and assist with investigations in your community.

Program Description

This program will provide AVPS access to the Ring Neighborhoods platform to communicate with Ring Neighbors and encourage community engagement as we work together to make Aliso Viejo neighborhoods safer.

- The Ring Neighborhoods platform is a digital neighborhood watch that both law enforcement and the public can access free of charge by downloading the Ring mobile app (iOS and Android).
- The app allows Ring Neighbors to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, AVPS may:
 - Utilize the critical crime and safety events that are posted in the app by neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep neighbors informed regarding issues in their neighborhoods.
- In addition, AVPS and Ring may work together to offer subsidized Ring cameras to select parts of Aliso Viejo.

Responsibilities

Ring

- Make the Ring App available to Aliso Viejo residents free of charge.
- Donate Ring cameras to an area of Aliso Viejo based on the number of qualifying downloads of the app that result from the program. Each qualifying download will count as \$10 towards these free Ring cameras. Ring will seed the program with an initial donation of ten (10) Ring cameras.
- Make the Ring Neighborhoods portal available to AVPS, free of charge, including support and training for AVPS employees.
- Work with AVPS to obtain data/call logs and publish the relevant incidents in the app based on terms agreed to with AVPS. AVPS will have the sole discretion to determine what information it will be provided to Ring to be published. Because there is information that is exempt from public disclosure under the law or would compromise a pending investigation if publicly disclosed, any information provided to Ring will be information that the Sheriff's Department would make publicly available.
- As appropriate, subsidize the purchase of Ring cameras by Aliso Viejo residents as part of a formal subsidy program.

AVPD

- Engage the Aliso Viejo community with outreach efforts on the platform to encourage adoption of the platform/app.
 - o Ring will directly distribute these cameras to the local community, with input from AVPS.
- Maintain appropriate access controls for AVPS personnel to use the Ring Neighborhood Police portal.
- Make publicly available data related to AVPS incidents/call logs available to Ring as determined by AVPS.
- Have the option, but not the obligation, to participate in a subsidized camera program

Commented [ST1]: Ring wants to clarify that the subsidized program is completely optional.

Term

AVPS's participation in the program shall commence upon AVPS's acceptance of these program terms. Either party may terminate AVPS's participation in the program at any time upon providing written notice to the other party. The Ring Neighborhoods Portal will be available to AVPS around Fall 2018 upon its acceptance of these terms. The written notice required under this section is to be sent to the following persons:

For AVPS:

Name: Lt. Chad Kajfasz
Address: 12 Journey, Suite 100
Aliso Viejo, CA 92656-5335

For Ring LLC:

Name: Legal
Address: 1523 26th Street
Santa Monica, CA 90404

Formatted: Superscript

Press Release

The parties shall agree to a joint press release to be mutually agreed upon by the parties.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to AVPS without the prior consent of the owner or a properly issued subpoena or search warrant, as applicable. AVPS agrees not to use the Ring Neighborhoods Police Portal other than as expressly authorized by Ring in this agreement and in guidelines provided on the Neighborhoods Police Portal from time to time other than in connection with bona fide AVPS work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Ring app and Neighborhoods Police Portal.

Commented [ST2]: There may be times where Ring will need to provide guidance on how to use the portal or app; for example, alerting users that in order to function properly, the user will need to update the app/portal or that a certain version of the app/portal is only compatible with a certain version of the OS.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

The parties acknowledge that AVPS may be subject to certain laws or ordinances which require public disclosure of records and recordings obtained by AVPS and Ring agrees that certain records and materials, including this agreement, may be disclosed as required by law pursuant to lawful requests. Unless otherwise required by law, the Parties shall keep the terms of this program confidential.

Chief Kajfasz, This maybe premature, but I'm hoping you can help me with an introduction to Chief Peters in San Clemente. I live in SC and there seems to be a pretty serious increase in petty crime (mailbox, package theft) and the more serious vehicle and residential burglary incidents in the past few weeks/months. I receive notifications almost daily of these incidents.

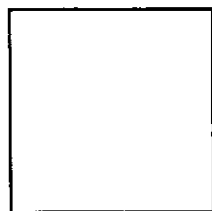

Anyway, I can reach out cold and I will, but thought a introduction by a colleague might help get me an audience quicker. If you'd rather wait until AV is up and running on Portal I completely understand.

Thank you for the consideration.

- The app allows Ring Neighbors to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, AVPS may:
 - Utilize the critical crime and safety events that are posted in the app by neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep neighbors informed regarding issues in their neighborhoods.
- In addition, AVPS and Ring may work together to offer subsidized Ring cameras to select parts of Aliso Viejo.

Responsibilities

Ring

- Make the Ring App available to Aliso Viejo residents free of charge.
- Donate Ring cameras to an area of Aliso Viejo based on the number of qualifying downloads of the app that result from the program. Each qualifying download will count as \$10 towards these free Ring cameras. Ring will seed the program with an initial donation of ten (10) Ring cameras.
- Make the Ring Neighborhoods portal available to AVPS, free of charge, including support and training for AVPS employees.
- Work with AVPS to obtain data/call logs and publish the relevant incidents in the app based on terms agreed to with AVPS. AVPS will have the sole discretion to determine what information it will provide to Ring to be published. Because there is information that is exempt from public disclosure under the law or would compromise a pending investigation if publicly disclosed, any information provided to Ring will be information that the Sheriff's Department would make publicly available.
- As appropriate, subsidize the purchase of Ring cameras by Aliso Viejo residents as part of a formal subsidy program.

AVPS

- Engage the Aliso Viejo community with outreach efforts on the platform to encourage adoption of the platform/app.
 - Ring will directly distribute these cameras to the local community, with input from AVPS.
- Maintain appropriate access controls for AVPS personnel to use the Ring Neighborhood Police portal.
- Make publicly available data related to AVPS incidents/call logs available to Ring as determined by AVPS.
- Have the option, but not the obligation, to participate in a subsidized camera program.

Term

AVPS's participation in the program shall commence upon AVPS's acceptance of these program terms. Either party may terminate AVPS's participation in the program at any time upon providing written notice to the other party. The Ring Neighborhoods Portal will be available to AVPS upon its acceptance of these terms. The written notice required under this section is to be sent to the following persons:

For AVPS:

Name: Lt. Chad Kajfasz
Address: 12 Journey, Suite 100
Aliso Viejo, CA 92656-5335

For Ring LLC:

Name: Legal
Address: 1523 26th Street
Santa Monica, CA 90404

Press Release

The parties shall agree to a joint press release to be mutually agreed upon by the parties.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to AVPS without the prior consent of the owner or a properly issued subpoena or search warrant, as applicable. AVPS agrees not to use the Ring Neighborhoods Police Portal other than as expressly authorized by Ring in this agreement and in guidelines provided on the Neighborhoods Police Portal from time to time other than in connection with bona fide AVPS work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Ring app and Neighborhoods Police Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

The parties acknowledge that AVPS may be subject to certain laws or ordinances which require public disclosure of records and recordings obtained by AVPS and Ring agrees that certain records and materials, including this agreement, may be disclosed as required by law pursuant to lawful requests. Unless otherwise required by law, the Parties shall keep the terms of this program confidential.

The City Manager and the Lt. have requested that we have two deputies at the "Ring giveaway event" on Thursday, February 21st, from 1700-2000hrs. Ring and the City of Aliso Viejo (along with Police Services – more to follow) have teamed up with Ring to offer a substantial discount on devices at the event which means there will be a ton of product that can be stolen if we aren't around. Please plan on going 10-8 at 1600 hrs that day and being stationed at the event (new "Chipotle" or old Pieology business near the Macaroni Grill). If you have any questions please feel free to ask.

Dave, Very nice seeing you this morning and thank you again for the introduction to Sgt. Gardner. I'll follow up with him directly, keeping you on copy.

For the subsidy program, I would like to introduce someone much smarter than I when it comes to working with cities on these programs. Stacey Cooke is our National Events Manager and works directly with cities to insure successful subsidy events. She is the one responsible for the two agreements (Arcadia and Montclair) you mentioned this morning.

I also want to take this opportunity to bring Morgan Culbertson into the conversation. As we move toward a launch of the Neighbors Portal with your Police Department, Morgan will help with the messaging to insure maximum participation from the community on this digital neighborhood watch platform.

Contact info for both is below. I'll follow up as warranted moving forward. Thank you again for meeting, the introduction to the Sergeant and your interest in our program.

As a backdrop, Ring retained an outside firm toward the end of last year to assist with the processing of MOU's from agencies wanting access to Neighbors Portal. The firm raised a concern with how the camera donation program is described and implemented. The issue is not yet resolved and they are presently working on alternate language or possibly removing that language completely for any new agency joining the program.

For those who have already signed (or in the process of signing an existing agreement) including Aliso Viejo, outside counsel suggested that we move forward with the initial camera donation (with the caveat they not be used for agency personnel use), but that we strike the ongoing program (app download for additional cameras). The attached MOU reflects that change with all other terms and conditions untouched.

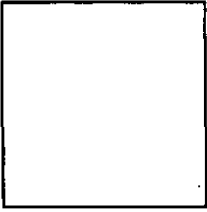

If this is acceptable to you, please sign and return and we'll get you scheduled for onboarding. If you want to wait for Ring legal to permanently address the issue of how or if to continue the ongoing donation program, I can place this on hold and circle back when we have more information or guidance on how to proceed.

Lt. Kajfasz, As follow up to my voice mail, please accept my apology for the delay in processing the MOU between your agency and Ring. The attached MOU for signature includes a modification I want to explain.

As a backdrop, Ring retained an outside firm toward the end of last year to assist with the processing of MOU's from agencies wanting access to Neighbors Portal. The firm raised a concern with how the camera donation program is described and implemented. The issue is not yet resolved and they are presently working on alternate language or possibly removing that language completely for any new agency joining the program.

For those who have already signed (or in the process of signing an existing agreement) including Aliso Viejo, outside counsel suggested that we move forward with the initial camera donation (with the caveat they not be used for agency personnel use), but that we strike the ongoing program (app download for additional cameras). The attached MOU reflects that change with all other terms and conditions untouched.

If this is acceptable to you, please sign and return and we'll get you scheduled for onboarding. If you want to wait for Ring legal to permanently address the issue of how or if to continue the ongoing donation program, I can place this on hold and circle back when we have more information or guidance on how to proceed.

Please feel free to contact me at [REDACTED] if I can answer any questions.

Thank you. Ray

Ring wants to help reduce crime and increase safety in Aliso Viejo, California

Ring is excited to propose a solution to Aliso Viejo Police Services (AVPS) to help reduce crime and assist with investigations in your community.

Program Description

This program will provide AVPS access to the Ring Neighborhoods platform to communicate with Ring Neighbors and encourage community engagement as we work together to make Aliso Viejo neighborhoods safer.

- The Ring Neighborhoods platform is a digital neighborhood watch that both law enforcement and the public can access free of charge by downloading the Ring mobile app (iOS and Android).
- The app allows Ring Neighbors to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, AVPS may:
 - Utilize the critical crime and safety events that are posted in the app by neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep neighbors informed regarding issues in their neighborhoods.
- In addition, AVPS and Ring may work together to offer subsidized Ring cameras to select parts of Aliso Viejo.

Responsibilities

Ring

- Make the Ring App available to Aliso Viejo residents free of charge.
- ~~Donate Ring cameras to an area of Aliso Viejo based on the number of qualifying downloads of the app that result from the program. Each qualifying download will count as \$10 towards these free Ring cameras. Ring will seed the program with an initial donation of donate ten (10) Ring cameras AVPS.~~
- Make the Ring Neighborhoods portal available to AVPS, free of charge, including support and training for AVPS employees.
- Work with AVPS to obtain data/call logs and publish the relevant incidents in the app based on terms agreed to with AVPS. AVPS will have the sole discretion to determine what information it will provide to Ring to be published. Because there is information that is exempt from public disclosure under the law or would compromise a pending investigation if publicly disclosed, any information provided to Ring will be information that the Sheriff's Department would make publicly available.
- As appropriate, subsidize the purchase of Ring cameras by Aliso Viejo residents as part of a formal subsidy program.

AVPDAVPS

- Engage the Aliso Viejo community with outreach efforts on the platform to encourage adoption of the platform/app.
- ~~Collaborate with Ring will to directly distribute these cameras to the local community, with input from AVPS, provided that recipients of these cameras may not be current employees of AVPS or immediate family members of current employees of AVPS.~~
- Maintain appropriate access controls for AVPS personnel to use the Ring Neighborhood Police portal.
- Make publicly available data related to AVPS incidents/call logs available to Ring as determined by AVPS.
- Have the option, but not the obligation, to participate in a subsidized camera program.

Formatted

Term

AVPS's participation in the program shall commence upon AVPS's acceptance of these program terms. Either party may terminate AVPS's participation in the program at any time upon providing written notice to the other party. The Ring Neighborhoods Portal will be available to AVPS upon its acceptance of these terms. The written notice required under this section is to be sent to the following persons:

For AVPS:

Name: Lt. Chad Kajfasz
Address: 12 Journey, Suite 100
Aliso Viejo, CA 92656-5335

For Ring LLC:

Name:
Address:

Press Release

The parties shall agree to a joint press release to be mutually agreed upon by the parties.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to AVPS without the prior consent of the owner or a properly issued subpoena or search warrant, as applicable. AVPS agrees not to use the Ring Neighborhoods Police Portal other than as expressly authorized by Ring in this agreement and in guidelines provided on the Neighborhoods Police Portal from time to time other than in connection with bona fide AVPS work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Ring app and Neighborhoods Police Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

The parties acknowledge that AVPS may be subject to certain laws or ordinances which require public disclosure of records and recordings obtained by AVPS and Ring agrees that certain records and materials, including this agreement, may be disclosed as required by law pursuant to lawful requests. Unless otherwise required by law, the Parties shall keep the terms of this program confidential.

Hi Lt. Kajfasz,

Great speaking to you just now. As a follow up here's the examples of the press releases and social media announcements.

Beyond the in-app message, please review the materials below and be sure to coordinate on broader announcement plans and share any draft materials with KaleighMorgan / our media team in advance and before anything goes out to the press or public.

Click here to access the Announcement Press Packet and download the following materials;

- **Press Release Template:** Meant as a starting point template with standard messaging for you to update and send as final draft (via Media@ring.com) so our PR team can review and sign off before your team distributes via local press list, Dept. website, social media pages & any other preferred channels.
- **Sample Social Media Posts:** Sample content for posting the initial announcement via Facebook, Twitter, Nextdoor & any other social channels in tandem with the press release.
- **Talking Points & Reactive Q&A:** Basic talking points and answers to commonly asked questions for Dept. representatives to use when speaking about the Neighbors app and our partnership with the press/public.
- **Neighbors App Logo & Imagery:** High-res versions of the Neighbors app logo and other contextual images to incorporate with PR materials as needed.

The Neighbors App download link and simple text info below should be included in the initial announcement and in any future public communications from the Dept. when appropriate so that residents are able to download the app and participate;

Download Link: <http://download.ring.com/neighbors>

Simple Text Info: Or, simply text 'StaySafe' to 555888 from your smartphone. (*not case sensitive*)

Subject: AVPD Logo?

Hi Lt. Kajfasz,

In preparation for the In-Person Onboarding my operations team is creating marketing material that is customized for AVPD. Usually we add the agency's logo to these printed postcards/fliers. Is this the correct logo?

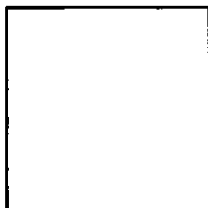

If not, could you please send a link or attachment of the correct one?

Ring wants to help reduce crime and increase safety in Aliso Viejo, California

Ring is excited to propose a solution to Aliso Viejo Police Services (AVPS) to help reduce crime and assist with investigations in your community.

Program Description

This program will provide AVPS access to the Ring Neighborhoods platform to communicate with Ring Neighbors and encourage community engagement as we work together to make Aliso Viejo neighborhoods safer.

- The Ring Neighborhoods platform is a digital neighborhood watch that both law enforcement and the public can access free of charge by downloading the Ring mobile app (iOS and Android).
- The app allows Ring Neighbors to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, AVPS may:
 - Utilize the critical crime and safety events that are posted in the app by neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep neighbors informed regarding issues in their neighborhoods.
- In addition, AVPS and Ring may work together to offer subsidized Ring cameras to select parts of Aliso Viejo.

Responsibilities

Ring

- Make the Ring App available to Aliso Viejo residents free of charge.
- Make the Ring Neighborhoods portal available to AVPS, free of charge, including support and training for AVPS employees.
- Work with AVPS to obtain data/call logs and publish the relevant incidents in the app based on terms agreed to with AVPS. AVPS will have the sole discretion to determine what information it will provide to Ring to be published. Because there is information that is exempt from public disclosure under the law or would compromise a pending investigation if publicly disclosed, any information provided to Ring will be information that the Sheriff's Department would make publicly available.
- As appropriate, subsidize the purchase of Ring cameras by Aliso Viejo residents as part of a formal subsidy program.

AVPS

- Engage the Aliso Viejo community with outreach efforts on the platform to encourage adoption of the platform/app.
- Maintain appropriate access controls for AVPS personnel to use the Ring Neighborhood Police

portal.

- Make publicly available data related to AVPS incidents/call logs available to Ring as determined by AVPS.
- Have the option, but not the obligation, to participate in a subsidized camera program.

Term

AVPS's participation in the program shall commence upon AVPS's acceptance of these program terms. Either party may terminate AVPS's participation in the program at any time upon providing written notice to the other party. The Ring Neighborhoods Portal will be available to AVPS upon its acceptance of these terms. The written notice required under this section is to be sent to the following persons:

For AVPS:

Name: Lt. Chad Kajfasz
Address: 12 Journey, Suite 100
Aliso Viejo, CA 92656-5335

For Ring LLC:

Name:
Address:

Press Release

The parties shall agree to a joint press release to be mutually agreed upon by the parties.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to AVPS without the prior consent of the owner or a properly issued subpoena or search warrant, as applicable. AVPS agrees not to use the Ring Neighborhoods Police Portal other than as expressly authorized by Ring in this agreement and in guidelines provided on the Neighborhoods Police Portal from time to time other than in connection with bona fide AVPS work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Ring app and Neighborhoods Police Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

The parties acknowledge that AVPS may be subject to certain laws or ordinances which require public disclosure of records and recordings obtained by AVPS and Ring agrees that certain records and materials, including this agreement, may be disclosed as required by law pursuant to lawful requests. Unless otherwise required by law, the Parties shall keep the terms of this program confidential.

Jaimee,

Here's the RING.com information I told you about. The MOU has already been reviewed and vetted by Nicole Simms at County Counsel. I told the Ring rep that we couldn't use any OCSO branding to promote their company (and this venture) but I wanted to see what you thought about it. Please take a look at what they sent me below and let me know what you think.

Hi Lt. Kajfasz,

Great speaking to you just now. As a follow up [here's](#) the examples of the press releases and social media announcements.

Beyond the in-app message, please review the materials below and be sure to coordinate on broader announcement plans and share any draft materials with KaleighMorgan / our media team in advance and before anything goes out to the press or public.

[Click here](#) to access the Announcement Press Packet and download the following materials;

- **Press Release Template:** Meant as a starting point template with standard messaging for you to update and send as final draft (via Media@ring.com) so our PR team can review and sign off before your team distributes via local press list, Dept. website, social media pages & any other preferred channels.
- **Sample Social Media Posts:** Sample content for posting the initial announcement via Facebook, Twitter, Nextdoor & any other social channels in tandem with the press release.
- **Talking Points & Reactive Q&A:** Basic talking points and answers to commonly asked questions for Dept. representatives to use when speaking about the Neighbors app and our partnership with the press/public.
- **Neighbors App Logo & Imagery:** High-res versions of the Neighbors app logo and other contextual images to incorporate with PR materials as needed.

The Neighbors App download link and simple text info below should be included in the initial announcement and in any future public communications from the Dept. when appropriate so that residents are able to download the app and participate;

Hi Carrie,

The new date for the Onboarding is Thursday May 9. I'm having a call with Lt. Kajfasz to discuss more in detail. Please arrange for the social media and press announcements to go out on that day. Let us know if you have any further questions.

Hi Carrie,

Quick update--Lt. Kajfasz just informed me that he has to reschedule the Onboarding date. As a reminder, the press release should go out on the same day as the Onboarding so the public announcement will no longer be on 4/10. Once Lt. Kajfasz confirms the new date, I'll follow up on this thread and update you accordingly. As a heads up, the same PR process below will apply, just with a different date.

I wanted to introduce Kaleigh Bueckert-Orme from Ring's PR Team (CC'd) and send over press packet materials below as discussed so your team can begin to review and coordinate with Kaleigh on plans / materials for the initial public announcement between now and Onboarding.

First item to note is the In-App message sent from Ring one day prior to your scheduled Onboarding as a simple a courtesy message to our existing users in the area so they know your Department will be joining the conversation (see example & more info [here](#)).

Beyond the in-app message, please review the materials below and be sure to coordinate on broader announcement plans and share any draft materials with KaleighMorgan / our media team in advance and before anything goes out to the press or public.

[Click here](#) to access the Announcement Press Packet and download the following materials;

- **Press Release Template:** Meant as a starting point template with standard messaging for you to update and send as final draft (via Media@ring.com) so our PR team can review and sign off before your team distributes via local press list, Dept. website, social media pages & any other preferred channels.
- **Sample Social Media Posts:** Sample content for posting the initial announcement via Facebook, Twitter, Nextdoor & any other social channels in tandem with the press release.
- **Talking Points & Reactive Q&A:** Basic talking points and answers to commonly asked questions for Dept. representatives to use when speaking about the Neighbors app and our partnership with the press/public.
- **Neighbors App Logo & Imagery:** High-res versions of the Neighbors app logo and other contextual images to incorporate with PR materials as needed.

The Neighbors App download link and simple text info below should be included in the initial announcement and in any future public communications from the Dept. when appropriate so that residents are able to download the app and participate;

Download Link: <http://download.ring.com/neighbors>

Simple Text Info: Or, simply text 'StaySafe' to 555888 from your smartphone. (*not case sensitive*)

That's it for now! Let us know once you've had a chance to review and if you have any questions in the meantime.

Best,

We enjoyed our time with you and your colleagues at the CSSA last week. The booth was a little busy, but hopefully you were able to spend some time with us to learn more about how Ring works with LE to keep communities safe.

With millions of Ring cameras across the country and millions of users on the app (identifying criminal activity and often those who commit it), your community is already engaged on this digital neighborhood watch platform.

The LE Portal is your "seat at the table" to access the platform. Portal lets you view and comment on posted video, alert the community of important activity and lets you request video from device owners that may have captured something helpful to an ongoing investigation. This incredibly powerful service is provided to law enforcement free of charge.

Ring wants to help reduce crime and increase safety in Aliso Viejo, California

Ring is excited to propose a solution to Aliso Viejo Police Services (AVPS) to help reduce crime and assist with investigations in your community.

Program Description

This program will provide AVPS access to the Ring Neighborhoods platform to communicate with Ring Neighbors and encourage community engagement as we work together to make Aliso Viejo neighborhoods safer.

- The Ring Neighborhoods platform is a digital neighborhood watch that both law enforcement and the public can access free of charge by downloading the Ring mobile app (iOS and Android).
- The app allows Ring Neighbors to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, AVPS may:
 - Utilize the critical crime and safety events that are posted in the app by neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep neighbors informed regarding issues in their neighborhoods.
- In addition, AVPS and Ring may work together to offer subsidized Ring cameras to select parts of Aliso Viejo.

Responsibilities

Ring

- Make the Ring App available to Aliso Viejo residents free of charge.
- Make the Ring Neighborhoods portal available to AVPS, free of charge, including support and training for AVPS employees.
- Work with AVPS to obtain data/call logs and publish the relevant incidents in the app based on terms agreed to with AVPS. AVPS will have the sole discretion to determine what information it will provide to Ring to be published. Because there is information that is exempt from public disclosure under the law or would compromise a pending investigation if publicly disclosed, any information provided to Ring will be information that the Sheriff's Department would make publicly available.
- As appropriate, subsidize the purchase of Ring cameras by Aliso Viejo residents as part of a formal subsidy program.

AVPS

- Engage the Aliso Viejo community with outreach efforts on the platform to encourage adoption of the platform/app.
- Maintain appropriate access controls for AVPS personnel to use the Ring Neighborhood Police

portal.

- Make publicly available data related to AVPS incidents/call logs available to Ring as determined by AVPS.
- Have the option, but not the obligation, to participate in a subsidized camera program.

Term

AVPS's participation in the program shall commence upon AVPS's acceptance of these program terms. Either party may terminate AVPS's participation in the program at any time upon providing written notice to the other party. The Ring Neighborhoods Portal will be available to AVPS upon its acceptance of these terms. The written notice required under this section is to be sent to the following persons:

For AVPS:

Name: Lt. Chad Kajfasz
Address: 12 Journey, Suite 100
Aliso Viejo, CA 92656-5335

For Ring LLC:

Name:
Address:

Press Release

The parties shall agree to a joint press release to be mutually agreed upon by the parties.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to AVPS without the prior consent of the owner or a properly issued subpoena or search warrant, as applicable. AVPS agrees not to use the Ring Neighborhoods Police Portal other than as expressly authorized by Ring in this agreement and in guidelines provided on the Neighborhoods Police Portal from time to time other than in connection with bona fide AVPS work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Ring app and Neighborhoods Police Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

The parties acknowledge that AVPS may be subject to certain laws or ordinances which require public disclosure of records and recordings obtained by AVPS and Ring agrees that certain records and materials, including this agreement, may be disclosed as required by law pursuant to lawful requests. Unless otherwise required by law, the Parties shall keep the terms of this program confidential.

We enjoyed our time with you and your colleagues at the CSSA last week. The booth was a little busy, but hopefully you were able to spend some time with us to learn more about how Ring works with LE to keep communities safe.

With millions of Ring cameras across the country and millions of users on the app (identifying criminal activity and often those who commit it), your community is already engaged on this digital neighborhood watch platform.

The LE Portal is your "seat at the table" to access the platform. Portal lets you view and comment on posted video, alert the community of important activity and lets you request video from device owners that may have captured something helpful to an ongoing investigation. This incredibly powerful service is provided to law enforcement free of charge.

I know we are looking forward to Onboarding on Wed. 4/10 and to officially launching Aliso Viejo PD on the Neighbors app platform.

I wanted to introduce Kaleigh Bueckert-Orme from Ring's PR Team (CC'd) and send over press packet materials below as discussed so your team can begin to review and coordinate with Kaleigh on plans / materials for the initial public announcement between now and Onboarding.

First item to note is the In-App message sent from Ring one day prior to your scheduled Onboarding as a simple a courtesy message to our existing users in the area so they know your Department will be joining the conversation (see example & more info [here](#)).

Beyond the in-app message, please review the materials below and be sure to coordinate on broader announcement plans and share any draft materials with KaleighMorgan / our media team in advance and before anything goes out to the press or public.

[Click here](#) to access the Announcement Press Packet and download the following materials;

- **Press Release Template:** Meant as a starting point template with standard messaging for you to update and send as final draft (via Media@ring.com) so our PR team can review and sign off before your team distributes via local press list, Dept. website, social media pages & any other preferred channels.
- **Sample Social Media Posts:** Sample content for posting the initial announcement via Facebook, Twitter, Nextdoor & any other social channels in tandem with the press release.
- **Talking Points & Reactive Q&A:** Basic talking points and answers to commonly asked questions for Dept. representatives to use when speaking about the Neighbors app and our partnership with the press/public.

- **Neighbors App Logo & Imagery:** High-res versions of the Neighbors app logo and other contextual images to incorporate with PR materials as needed.

The Neighbors App download link and simple text info below should be included in the initial announcement and in any future public communications from the Dept. when appropriate so that residents are able to download the app and participate;

Download Link: <http://download.ring.com/neighbors>

Simple Text Info: Or, simply text 'StaySafe' to 555888 from your smartphone. (*not case sensitive*)

That's it for now! Let us know once you've had a chance to review and if you have any questions in the meantime.

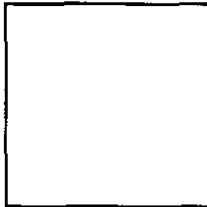

Best,
Andrea

Hi Carrie,

After speaking with Lt. Kajfasz, it sounds like it's best to discuss with you in more details about the next steps with AVPD's social media/press announcements. Are you available for a quick call tomorrow?

I wanted to introduce Kaleigh Bueckert-Orme from Ring's PR Team (CC'd) and send over press packet materials below as discussed so your team can begin to review and coordinate with Kaleigh on plans / materials for the initial public announcement between now and Onboarding.

First item to note is the In-App message sent from Ring one day prior to your scheduled Onboarding as a simple a courtesy message to our existing users in the area so they know your Department will be joining the conversation (see example & more info [here](#)).

Beyond the in-app message, please review the materials below and be sure to coordinate on broader announcement plans and share any draft materials with KaleighMorgan / our media team in advance and before anything goes out to the press or public.

[Click here](#) to access the Announcement Press Packet and download the following materials;

- **Press Release Template:** Meant as a starting point template with standard messaging for you to update and send as final draft (via Media@ring.com) so our PR team can review and sign off before your team distributes via local press list, Dept. website, social media pages & any other preferred channels.
- **Sample Social Media Posts:** Sample content for posting the initial announcement via Facebook, Twitter, Nextdoor & any other social channels in tandem with the press release.
- **Talking Points & Reactive Q&A:** Basic talking points and answers to commonly asked questions for Dept. representatives to use when speaking about the Neighbors app and our partnership with the press/public.
- **Neighbors App Logo & Imagery:** High-res versions of the Neighbors app logo and other contextual images to incorporate with PR materials as needed.

The Neighbors App download link and simple text info below should be included in the initial announcement and in any future public communications from the Dept. when appropriate so that residents are able to download the app and participate;

Download Link: <http://download.ring.com/neighbors>

Simple Text Info: Or, simply text 'StaySafe' to 555888 from your smartphone. *(not case sensitive)*

That's it for now! Let us know once you've had a chance to review and if you have any questions in the meantime.

Carrie Braun called me this afternoon to loop me in on the Ring app and asked me to attend the demo this Thursday at 9 am. I can make that meeting. She is going to forward me some information Ring has put together and then she is hoping we can push it out Thursday through the City and Police Services pages. Any information I receive I will forward to you, Dave and Stephanie for approval before it goes out.

We should coordinate any public info on this training with Ring. They are sensitive about how this is presented to the public. They want it known that no access to individual cameras rather everyone has ability to share footage with law enforcement.

Please see my suggested edits, and I am wondering if we can put something (see sentence at the end of the first paragraph) stating AV is the first city to roll out the app?

I think it's more appropriate to have Chad's quote incorporated.

Hi Jaimee and Kelly,

Please see below and attached. I edited the provided press release, which we have to send back to Ring for approval prior to distributing.

Kelly, take a look and let us know if you think there should be a quote from the Mayor in the release as well.

I'd like to send to Ring for approval by noon tomorrow if possible so we could be ready to distribute after the training on Thursday, along with social media posts on both the City of Aliso Viejo profiles and Aliso Viejo Police Services profiles.

Hi Carrie,

Of course, please see copied below the email in regards to PR:

First announcement item to note is the In-App message pushed out by Ring just before your Remote Onboarding as simple a courtesy message so our existing users in the area know that your Department will be joining the conversation (see example & more info [here](#)).

Beyond the in-app message, please review the press packet materials below and be sure to coordinate broader announcement plans and draft materials with Morgan in advance and before anything can go out to the press or public.

[Click here](#) to access the Announcement Press Packet and download the following materials;

- **Press Release Template:** Meant as a starting point template with standard messaging for you to update and send as final draft (via Media@ring.com) so our PR team can review and sign off before your team distributes via local press list, Dept. website, social media pages & any other preferred channels.
- **Sample Social Media Posts:** Sample content for posting the initial announcement via Facebook, Twitter, Nextdoor & any other social channels in tandem with the press release.
- **Talking Points & Reactive Q&A:** Basic talking points and answers to commonly asked questions for Dept. representatives to use when speaking about the Neighbors app and our partnership with the press/public.
- **Neighbors App Logo & Imagery:** High-res versions of the Neighbors app logo and other contextual images to incorporate with PR materials as needed.

The Neighbors App download link and simple text info below should be included in the initial announcement and in any future public communications from the Dept. when appropriate so that residents are able to download the app and participate;

Download Link: <http://download.ring.com/alisoviejo>

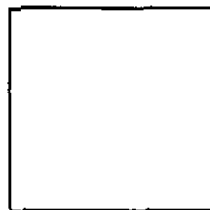

Simple Text Info: Or, simply text 'alisoviejoca' to 555888 from your smartphone. (*not case sensitive*)

Aliso Viejo Police Services Joins 'Neighbors' by Ring to Provide Users with Real-Time, Local Crime and Safety Information

Neighbors aims to reduce crime in communities by connecting people, security cameras and law enforcement.

ALISO VIEJO, CA -- May 5, 2019 – The Orange County Sheriff's Department Aliso Viejo Police Services today announced that it is joining the free Neighbors app by Ring to provide the Aliso Viejo community with real-time, local crime and safety information. With millions of users, the Neighbors network already has millions of users and has been instrumental in catching package thieves, stopping burglaries, and keeping neighborhoods safe. Aliso Viejo is the first Orange County city the Sheriff's Department contracts with to partner with Ring on the app.

Residents can text '[TEXTCODE]' to 555888 from their smartphone to download the Neighbors app for free on iOS and Android and use the app to: join their neighborhood, share crime and safety-related videos, photos and text-based posts; and receive real-time safety alerts from their neighbors, local law enforcement and the Ring team.

"The opportunity for more interaction between residents and law enforcement to keep our community safe is always welcomed," said Lt. Chad Kajfasz, Chief of Police Services for the city of Aliso Viejo. "We have a very engaged community citizens who take their personal safety seriously, and this partnership will enhance and continue that trend."

Jamie Siminoff, Chief Inventor and Founder of Ring, said: "We're excited to have Aliso Viejo Police Services join Neighbors to keep their community up-to-date on local crime and safety information. Over the past few years, we have learned that, when neighbors, the Ring team and law enforcement all work together, we can create safer communities. Neighbors is meant to facilitate real-time communication between these groups, while maintaining neighbor privacy first and foremost. By bringing security to every neighbor with the free Neighbors app, the Aliso Viejo community can stay on top of crime and safety alerts as they happen."

How It Works

- Text '[TEXTCODE]' to 555888 or click here: [CUSTOM LINK] from your smartphone to download the app for free on iOS and Android.
- Opt-in to join your neighborhood.
- Customize the geographic area you want to receive notifications for (users must verify where they are located and cannot participate in other neighborhoods).
- Receive real-time alerts from your neighbors, local law enforcement and the Ring team that inform of crime and safety alerts as they happen.
- View local crime and safety posts via a live feed or interactive map.
- Share text updates, photos and videos taken on any device, including Ring's home security devices.
- Work with your community to make neighborhoods safer.

About Neighbors

Neighbors is a neighborhood watch app that provides real-time, local crime and safety information. Download the free Neighbors app (iOS/Android), join your neighborhood, and use the app to: view neighborhood activity; share crime and safety-related videos, photos and text-based posts; and receive

real-time safety alerts from your neighbors, local law enforcement and the Ring team. For more information visit www.ring.com/neighbors.

About Ring

Ring's mission is to reduce crime in neighborhoods by creating a Ring of Security around homes and communities with its suite of home security products and services. The Ring product line, along with the Ring Neighbors app, enable Ring to offer affordable, complete, proactive home and neighborhood security in a way no other company has before. In fact, two Newark, NJ neighborhoods saw an over 50 percent decrease in home break-ins after Ring Video Doorbells and Spotlight Cams were installed on 11% of homes in the communities from April-July 2018 when compared to the same time period in 2017. Ring is an Amazon company. For more information, visit www.ring.com. With Ring, you're always home.

Hi Carrie,

Great connecting with you!

I know we are looking forward to Onboarding on Wed. 4/10 and to officially launching Aliso Viejo PD on the Neighbors app platform.

I wanted to introduce Kaleigh Bueckert-Orme from Ring's PR Team (CC'd) and send over press packet materials below as discussed so your team can begin to review and coordinate with Kaleigh on plans / materials for the initial public announcement between now and Onboarding.

First item to note is the In-App message sent from Ring one day prior to your scheduled Onboarding as a simple a courtesy message to our existing users in the area so they know your Department will be joining the conversation (see example & more info [here](#)).

Beyond the in-app message, please review the materials below and be sure to coordinate on broader announcement plans and share any draft materials with KaleighMorgan / our media team in advance and before anything goes out to the press or public.

Click here to access the Announcement Press Packet and download the following materials;

- **Press Release Template:** Meant as a starting point template with standard messaging for you to update and send as final draft (via Media@ring.com) so our PR team can review and sign off before your team distributes via local press list, Dept. website, social media pages & any other preferred channels.
- **Sample Social Media Posts:** Sample content for posting the initial announcement via Facebook, Twitter, Nextdoor & any other social channels in tandem with the press release.
- **Talking Points & Reactive Q&A:** Basic talking points and answers to commonly asked questions for Dept. representatives to use when speaking about the Neighbors app and our partnership with the press/public.
- **Neighbors App Logo & Imagery:** High-res versions of the Neighbors app logo and other contextual images to incorporate with PR materials as needed.

The Neighbors App download link and simple text info below should be included in the initial announcement and in any future public communications from the Dept. when appropriate so that residents are able to download the app and participate;

Download Link: <http://download.ring.com/neighbors>

Simple Text Info: Or, simply text 'StaySafe' to 555888 from your smartphone. (*not case sensitive*)

That's it for now! Let us know once you've had a chance to review and if you have any questions in the meantime.

Best,
Andrea

Hi Carrie,

After speaking with Lt. Kajfasz, it sounds like it's best to discuss with you in more details about the next steps with AVPD's social media/press announcements. Are you available for a quick call tomorrow?

Hi Carrie,

Quick update--Lt. Kajfasz just informed me that he has to reschedule the Onboarding date. As a reminder, the press release should go out on the same day as the Onboarding so the public announcement will no longer be on 4/10. Once Lt. Kajfasz confirms the new date, I'll follow up on this thread and update you accordingly. As a heads up, the same PR process below will apply, just with a different date.

I know we are looking forward to Onboarding on Wed. 4/10 and to officially launching Aliso Viejo PD on the Neighbors app platform.

I wanted to introduce Kaleigh Bueckert-Orme from Ring's PR Team (CC'd) and send over press packet materials below as discussed so your team can begin to review and coordinate with Kaleigh on plans / materials for the initial public announcement between now and Onboarding.

First item to note is the In-App message sent from Ring one day prior to your scheduled Onboarding as a simple a courtesy message to our existing users in the area so they know your Department will be joining the conversation (see example & more info [here](#)).

Beyond the in-app message, please review the materials below and be sure to coordinate on broader announcement plans and share any draft materials with KaleighMorgan / our media team in advance and before anything goes out to the press or public.

[Click here](#) to access the Announcement Press Packet and download the following materials;

- **Press Release Template:** Meant as a starting point template with standard messaging for you to update and send as final draft (via Media@ring.com) so our PR team can review and sign off before your team distributes via local press list, Dept. website, social media pages & any other preferred channels.
- **Sample Social Media Posts:** Sample content for posting the initial announcement via Facebook, Twitter, Nextdoor & any other social channels in tandem with the press release.
- **Talking Points & Reactive Q&A:** Basic talking points and answers to commonly asked questions for Dept. representatives to use when speaking about the Neighbors app and our partnership with the press/public.
- **Neighbors App Logo & Imagery:** High-res versions of the Neighbors app logo and other contextual images to incorporate with PR materials as needed.

The Neighbors App download link and simple text info below should be included in the initial announcement and in any future public

communications from the Dept. when appropriate so that residents are able to download the app and participate;

Download Link: <http://download.ring.com/neighbors>

Simple Text Info: Or, simply text 'StaySafe' to 555888 from your smartphone. *(not case sensitive)*

That's it for now! Let us know once you've had a chance to review and if you have any questions in the meantime.

Hi Carrie,

That is completely fine, thanks for the heads up!

On a separate note, have you received any word from OC Sheriffs Office on whether AVPD has the green light to publish the press release/social media

announcement? We would like to get that released on the day of the onboarding so that your users can start utilizing Portal the same day.

Thank you,

Hi Carrie,

After speaking with Lt. Kajfasz, it sounds like it's best to discuss with you in more details about the next steps with AVPD's social media/press announcements. Are you available for a quick call tomorrow?

Hi Carrie,

Quick update--Lt. Kajfasz just informed me that he has to reschedule the Onboarding date. As a reminder, the press release should go out on the same day as the Onboarding so the public announcement will no longer be on 4/10. Once Lt. Kajfasz confirms the new date, I'll follow up on this thread and update you accordingly. As a heads up, the same PR process below will apply, just with a different date.

I wanted to introduce Kaleigh Bueckert-Orme from Ring's PR Team (CC'd) and send over press packet materials below as discussed so your team can begin to review and coordinate with Kaleigh on plans / materials for the initial public announcement between now and Onboarding.

First item to note is the In-App message sent from Ring one day prior to your scheduled Onboarding as a simple a courtesy message to our existing users in the area so they know your Department will be joining the conversation (see example & more info [here](#)).

Beyond the in-app message, please review the materials below and be sure to coordinate on broader announcement plans and share any draft materials with KaleighMorgan / our media team in advance and before anything goes out to the press or public.

[Click here](#) to access the Announcement Press Packet and download the following materials;

- **Press Release Template:** Meant as a starting point template with standard messaging for you to update and send as final draft (via Media@ring.com) so our PR team can review and sign off before your team distributes via local press list, Dept. website, social media pages & any other preferred channels.
- **Sample Social Media Posts:** Sample content for posting the initial announcement via Facebook, Twitter, Nextdoor & any other social channels in tandem with the press release.
- **Talking Points & Reactive Q&A:** Basic talking points and answers to commonly asked questions for Dept. representatives to use when speaking about the Neighbors app and our partnership with the press/public.
- **Neighbors App Logo & Imagery:** High-res versions of the Neighbors app logo and other contextual images to incorporate with PR materials as needed.

The Neighbors App download link and simple text info below should be included in the initial announcement and in any future public communications from the Dept. when appropriate so that residents are able to download the app and participate;

Download Link: <http://download.ring.com/neighbors>
Simple Text Info: Or, simply text 'StaySafe' to 555888 from your smartphone. (*not case sensitive*)

That's it for now! Let us know once you've had a chance to review and if you have any questions in the meantime.

Best,
 Andrea

Aliso Viejo Police Services Joins 'Neighbors' by Ring to Provide Users with Real-Time, Local Crime and Safety Information

Neighbors aims to reduce crime in communities by connecting people, security cameras and law enforcement.

ALISO VIEJO, CA -- May 5, 2019 – The Orange County Sheriff's Department Aliso Viejo Police Services is joining the free Neighbors app by Ring to provide the Aliso Viejo community with real-time, local crime and safety information. With millions of users, the Neighbors network has been instrumental in catching package thieves, stopping burglaries, and keeping neighborhoods safe. Aliso Viejo is the first Orange County city the Sheriff's Department contracts with to partner with Ring on the app.

Residents can text '[TEXTCODE]' to 555888 from their smartphone to download the Neighbors app for free on iOS and Android and use the app to join their neighborhood, share crime and safety-related videos, photos and text-based posts; and receive real-time safety alerts from their neighbors, local law enforcement and the Ring team.

"The opportunity for more interaction between residents and law enforcement to keep our community safe is always welcomed," said Lt. Chad Kajfasz, Chief of Police Services for the city of Aliso Viejo. "We have very engaged citizens who take their personal safety seriously, and this partnership will enhance and continue that trend."

Jamie Siminoff, Chief Inventor and Founder of Ring, said: "We're excited to have Aliso Viejo Police Services join Neighbors to keep their community up to date on local crime and safety information. Over the past few years, we have learned that when neighbors, the Ring team and law enforcement all work together, we can create safer communities. Neighbors is meant to facilitate real-time communication between these groups, while maintaining neighbor privacy first and foremost. By bringing security to every neighbor with the free Neighbors app, the Aliso Viejo community can stay on top of crime and safety alerts as they happen."

How It Works

- Text '[TEXTCODE]' to 555888 or click here: '[CUSTOM LINK]' from your smartphone to download the app for free on iOS and Android.
- Opt-in to join your neighborhood.
- Customize the geographic area you want to receive notifications for (users must verify where they are located and cannot participate in other neighborhoods).
- Receive real-time alerts from your neighbors, local law enforcement and the Ring team that inform of crime and safety alerts as they happen.
- View local crime and safety posts via a live feed or interactive map.
- Share text updates, photos and videos taken on any device, including Ring's home security devices.
- Work with your community to make neighborhoods safer.

About Neighbors

Neighbors is a neighborhood watch app that provides real-time, local crime and safety information. Download the free Neighbors app (iOS/Android), join your neighborhood, and use the app to: view neighborhood activity; share crime and safety-related videos, photos and text-based posts; and receive real-time safety alerts from your neighbors, local law enforcement and the Ring team. For more information visit www.ring.com/neighbors.

About Ring

Ring's mission is to reduce crime in neighborhoods by creating a Ring of Security around homes and communities with its suite of home security products and services. The Ring product line, along with the Ring Neighbors app, enable Ring to offer affordable, complete, proactive home and neighborhood security in a way no other company has before. In fact, two Newark, NJ neighborhoods saw an over 50 percent decrease in home break-ins after Ring Video Doorbells and Spotlight Cams were installed on 11% of homes in the communities from April-July 2018 when compared to the same time period in 2017. Ring is an Amazon company. For more information, visit www.ring.com. With Ring, you're always home.

Aliso Viejo Police Services Joins 'Neighbors' by Ring to Provide Users with Real-Time, Local Crime and Safety Information

Neighbors aims to reduce crime in communities by connecting people, security cameras and law enforcement.

ALISO VIEJO, CA -- May 5, 2019 – The Orange County Sheriff's Department Aliso Viejo Police Services is joining the free Neighbors app by Ring to provide the Aliso Viejo community with real-time, local crime and safety information. With millions of users, the Neighbors network has been instrumental in catching package thieves, stopping burglaries, and keeping neighborhoods safe. Aliso Viejo is the first Orange County city the Sheriff's Department contracts with to partner with Ring on the app.

Residents can text '[**TEXTCODE**]' to 555888 from their smartphone to download the Neighbors app for free on iOS and Android and use the app to join their neighborhood, share crime and safety-related videos, photos and text-based posts; and receive real-time safety alerts from their neighbors, local law enforcement and the Ring team.

"The opportunity for more interaction between residents and law enforcement to keep our community safe is always welcomed," said Lt. Chad Kajfasz, Chief of Police Services for the city of Aliso Viejo. "We have very engaged citizens who take their personal safety seriously, and this partnership will enhance and continue that trend."

Jamie Siminoff, Chief Inventor and Founder of Ring, said: "We're excited to have Aliso Viejo Police Services join Neighbors to keep their community up to date on local crime and safety information. Over the past few years, we have learned that when neighbors, the Ring team and law enforcement all work together, we can create safer communities. Neighbors is meant to facilitate real-time communication between these groups, while maintaining neighbor privacy first and foremost. By bringing security to every neighbor with the free Neighbors app, the Aliso Viejo community can stay on top of crime and safety alerts as they happen."

How It Works

- Text '[**TEXTCODE**]' to 555888 or click here: [**CUSTOM LINK**] from your smartphone to download the app for free on iOS and Android.
- Opt-in to join your neighborhood.
- Customize the geographic area you want to receive notifications for (users must verify where they are located and cannot participate in other neighborhoods).
- Receive real-time alerts from your neighbors, local law enforcement and the Ring team that inform of crime and safety alerts as they happen.
- View local crime and safety posts via a live feed or interactive map.
- Share text updates, photos and videos taken on any device, including Ring's home security devices.
- Work with your community to make neighborhoods safer.

About Neighbors

Neighbors is a neighborhood watch app that provides real-time, local crime and safety information. Download the free Neighbors app (iOS/Android), join your neighborhood, and use the app to: view neighborhood activity; share crime and safety-related videos, photos and text-based posts; and receive real-time safety alerts from your neighbors, local law enforcement and the Ring team. For more information visit www.ring.com/neighbors.

About Ring

Ring's mission is to reduce crime in neighborhoods by creating a Ring of Security around homes and communities with its suite of home security products and services. The Ring product line, along with the Ring Neighbors app, enable Ring to offer affordable, complete, proactive home and neighborhood security in a way no other company has before. In fact, two Newark, NJ neighborhoods saw an over 50 percent decrease in home break-ins after Ring Video Doorbells and Spotlight Cams were installed on 11% of homes in the communities from April-July 2018 when compared to the same time period in 2017. Ring is an Amazon company. For more information, visit www.ring.com. With Ring, you're always home.

Hi Angela and team,

Attached please find the draft of the press release for Ring's approval. The only outstanding piece of information is the code and unique link, I'm hoping you can provide that to complete the release.

We are working with the city PIO Kelly Tokarski (I've also included her on this email) to announce on both AVPS and the city's social media accounts tomorrow.

Please let me know if you need anything further.

On a separate note, have you received any word from OC Sheriffs Office on whether AVPD has the green light to publish the press release/social media announcement? We would like to get that released on the day of the onboarding so that your users can start utilizing Portal the same day.

Hi Carrie,

After speaking with Lt. Kajfasz, it sounds like it's best to discuss with you in more details about the next steps with AVPD's social media/press announcements. Are you available for a quick call tomorrow?

Quick update--Lt. Kajfasz just informed me that he has to reschedule the Onboarding date. As a reminder, the press release should go out on the same day as the Onboarding so the public announcement will no longer be on 4/10. Once Lt. Kajfasz confirms the new date, I'll follow up on this thread and update you accordingly. As a heads up, the same PR process below will apply, just with a different date.

Great connecting with you!

I know we are looking forward to Onboarding on Wed. 4/10 and to officially launching Aliso Viejo PD on the Neighbors app platform.

I wanted to introduce Kaleigh Bueckert-Orme from Ring's PR Team (CC'd) and send over press packet materials below as discussed so your team can begin to review and coordinate with Kaleigh on plans / materials for the initial public announcement between now and Onboarding.

First item to note is the In-App message sent from Ring one day prior to your scheduled Onboarding as a simple a courtesy message to our existing users in the area so they know your Department will be joining the conversation (see example & more info [here](#)).

Beyond the in-app message, please review the materials below and be sure to coordinate on broader announcement plans and share any draft materials with

KaleighMorgan / our media team in advance and before anything goes out to the press or public.

Click here to access the Announcement Press Packet and download the following materials;

- **Press Release Template:** Meant as a starting point template with standard messaging for you to update and send as final draft (via Media@ring.com) so our PR team can review and sign off before your team distributes via local press list, Dept. website, social media pages & any other preferred channels.
- **Sample Social Media Posts:** Sample content for posting the initial announcement via Facebook, Twitter, Nextdoor & any other social channels in tandem with the press release.
- **Talking Points & Reactive Q&A:** Basic talking points and answers to commonly asked questions for Dept. representatives to use when speaking about the Neighbors app and our partnership with the press/public.
- **Neighbors App Logo & Imagery:** High-res versions of the Neighbors app logo and other contextual images to incorporate with PR materials as needed.

The Neighbors App download link and simple text info below should be included in the initial announcement and in any future public communications from the Dept. when appropriate so that residents are able to download the app and participate;

Download Link: <http://download.ring.com/neighbors>

Simple Text Info: Or, simply text 'StaySafe' to 555888 from your smartphone. (*not case sensitive*)

That's it for now! Let us know once you've had a chance to review and if you have any questions in the meantime.

Best,
Andrea

Good morning Chad,

Hope you had a great weekend. I have a few updates for you:

1) **PIO Approved reference sheet:** Attached is the "canned responses" that your users can copy and paste from when they respond to civilians on the portal. This is PIO approved and is what we see other agencies using.

2) **Training Guide** - Attached is a training guide to help your users as they begin to use Portal

3) **Portal Name Change to OC Sheriff's Office:** I spoke with my management Friday afternoon and decided it would be best to leave the Portal name and map as Aliso Viejo until we get the green light from the OC Sheriffs office. This means that for now Aliso Viejo users will comment and request videos from the Portal as "Aliso Viejo Police Services. I know I had previously told you that we would change to "OC Sheriffs Office" since we're likely to get the buy in from OC sheriffs executives come June, but we want to respect them by not jumping the gun and get their blessing first. For now until June, we will stick with only the Aliso Viejo users having access to the Portal and hopefully we can gather some success stories to share with the OC Sheriff's executives. Apologize for the back and forth, but hope you can understand.

Please let me know if you have any questions.

Thank you,

Hi Chad,

In regards to your concern about your officers/detectives being bombarded with emails after divulging their direct emails on the public posts, none of my colleagues have had agencies complain or have issues with this. Angela,

Here you go. Let me know if this works.

Lt.,

Per our conversation, here is a better version will all city boundaries for the county.

I included it in three different formats (.pdf, .kml, and .shp). The files can be publically downloaded online https://data-ocpw.opendata.arcgis.com/datasets/60119fce76d74dc08c3aa455f34b2b4d_0

Lt.,

Please forward the attached zip file to Ring and see if it will meet their requirements.

If it does not, we will have to go to plan "B"

Chad, I plan to send significant announcements to you as they happen. This one is a combined onboarding between the PD and SO in the Central Valley. I'm spending a lot of my time in Northern and Central Cal, so much of what I'm working on will be coming from there.

Lt. Kajfasz, As follow up to my voice mail, please accept my apology for the delay in processing the MOU between your agency and Ring. The attached MOU for signature includes a modification I want to explain.

As a backdrop, Ring retained an outside firm toward the end of last year to assist with the processing of MOU's from agencies wanting access to Neighbors Portal. The firm raised a concern with how the camera donation program is described and implemented. The issue is not yet resolved and they are presently working on alternate language or possibly removing that language completely for any new agency joining the program.

For those who have already signed (or in the process of signing an existing agreement) including Aliso Viejo, outside counsel suggested that we move forward with the initial camera donation (with the caveat they not be used for agency personnel use), but that we strike the ongoing program (app download for additional cameras). The attached MOU reflects that change with all other terms and conditions untouched.

If this is acceptable to you, please sign and return and we'll get you scheduled for onboarding. If you want to wait for Ring legal to permanently address the issue of how or if to continue the ongoing donation program, I can place this on hold and circle back when we have more information or guidance on how to proceed.

Please feel free to contact me at [REDACTED] if I can answer any questions.

Thank you. Ray

Ring wants to help reduce crime and increase safety in Aliso Viejo, California

Ring is excited to propose a solution to Aliso Viejo Police Services (AVPS) to help reduce crime and assist with investigations in your community.

Program Description

This program will provide AVPS access to the Ring Neighborhoods platform to communicate with Ring Neighbors and encourage community engagement as we work together to make Aliso Viejo neighborhoods safer.

- The Ring Neighborhoods platform is a digital neighborhood watch that both law enforcement and the public can access free of charge by downloading the Ring mobile app (iOS and Android).
- The app allows Ring Neighbors to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, AVPS may:
 - Utilize the critical crime and safety events that are posted in the app by neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep neighbors informed regarding issues in their neighborhoods.
- In addition, AVPS and Ring may work together to offer subsidized Ring cameras to select parts of Aliso Viejo.

Responsibilities

Ring

- Make the Ring App available to Aliso Viejo residents free of charge.
- ~~Donate Ring cameras to an area of Aliso Viejo based on the number of qualifying downloads of the app that result from the program. Each qualifying download will count as \$10 towards these free Ring cameras. Ring will seed the program with an initial donation of donate ten (10) Ring cameras AVPS.~~
- Make the Ring Neighborhoods portal available to AVPS, free of charge, including support and training for AVPS employees.
- Work with AVPS to obtain data/call logs and publish the relevant incidents in the app based on terms agreed to with AVPS. AVPS will have the sole discretion to determine what information it will provide to Ring to be published. Because there is information that is exempt from public disclosure under the law or would compromise a pending investigation if publicly disclosed, any information provided to Ring will be information that the Sheriff's Department would make publicly available.
- As appropriate, subsidize the purchase of Ring cameras by Aliso Viejo residents as part of a formal subsidy program.

AVPDAVPS

- Engage the Aliso Viejo community with outreach efforts on the platform to encourage adoption of the platform/app.
- ~~Collaborate with Ring will to directly distribute these cameras to the local community, with input from AVPS, provided that, recipients of these cameras may not be current employees of AVPS or immediate family members of current employees of AVPS.~~
- Maintain appropriate access controls for AVPS personnel to use the Ring Neighborhood Police portal.
- Make publicly available data related to AVPS incidents/call logs available to Ring as determined by AVPS.
- Have the option, but not the obligation, to participate in a subsidized camera program.

Formatted

Term

AVPS's participation in the program shall commence upon AVPS's acceptance of these program terms. Either party may terminate AVPS's participation in the program at any time upon providing written notice to the other party. The Ring Neighborhoods Portal will be available to AVPS upon its acceptance of these terms. The written notice required under this section is to be sent to the following persons:

For AVPS:

Name: Lt. Chad Kajfasz
Address: 12 Journey, Suite Suite 100
Aliso Viejo, CA 92656-5335

For Ring LLC:

Name:
Address:

Press Release

The parties shall agree to a joint press release to be mutually agreed upon by the parties.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to AVPS without the prior consent of the owner or a properly issued subpoena or search warrant, as applicable. AVPS agrees not to use the Ring Neighborhoods Police Portal other than as expressly authorized by Ring in this agreement and in guidelines provided on the Neighborhoods Police Portal from time to time other than in connection with bona fide AVPS work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Ring app and Neighborhoods Police Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

The parties acknowledge that AVPS may be subject to certain laws or ordinances which require public disclosure of records and recordings obtained by AVPS and Ring agrees that certain records and materials, including this agreement, may be disclosed as required by law pursuant to lawful requests. Unless otherwise required by law, the Parties shall keep the terms of this program confidential.

Agreed... I'm sitting on a plane waiting to take off and thought I would share with you a couple of my thoughts/concerns . I'm just thinking out loud.

1. Title of MOU is not appropriate. It's a branding statement that by signing we're in essence endorsing RING.
2. We are agreeing to "Post information relating to critical incidents and other incidents in the app to keep neighbors informed regarding issues in their neighborhoods." **Who is going to be responsible for vetting the information and posting it? Are we obligated to do this?**
3. AVPS and Ring may work together to offer subsidized Ring cameras to select parts of Aliso Viejo. **This can be interpreted a number of ways. Why is this in the MOU?**
4. Ring will work with AVPS to obtain data/call logs...
5. "As appropriate, Ring will subsidize the purchase of Ring cameras by Aliso Viejo residents." **This sounds like OCSD is making this a condition of the MOU, thus endorsing RING.**
6. **AVPS Engage the Aliso Viejo community with outreach efforts on the platform to encourage adoption of the platform/app.** *I find it interesting that they removed "RING" from in front of the platform/app. This does not seem appropriate; however, we do support people adding additional layers of security to their home.*
7. Maintain appropriate access controls for AVPS personnel to use the Ring Neighborhood Police portal. **I don't know what this means.**
8. Make publicly available data related to AVPS incidents/call logs available to Ring as determined by AVPS. **This must be important because it's stated twice in the short MOU.**
9. **Have the option, but not the obligation,** to participate in a subsidized camera program. Again... this language seems to be watered down as not to draw attention to the fact that they are trying to sell/promote Ring cameras. Brilliant marketing plan, but why is this language in the MOU?

10. Press Release

The parties shall agree to a joint press release to be mutually agreed upon by the parties. **Not appropriate. Show me another MOU that states we SHALL agree to draft a joint press release ... this a great marketing strategy but we shouldn't do this.**

11. Confidentiality

Bla, bla, bla... Unless otherwise required by law, the Parties shall keep the terms of this program confidential. **Doesn't sound transparent.**

Hi Chad,

Can you please forward this email onto one of your detectives so they can create their first post on AVPS's portal? Let me know if I can help them get their first post up this week.

Many of our partners create a post about their agency joining Neighbors Portal as soon as they are onboarded. I think posting an announcement like this is an excellent way to jumpstart AVPS's collaboration with their communities to make AV an even safer place to live. This post gives their communities a heads up that they will post about incidents in their area and that they may be reaching out for tips/footage to aid in investigations.

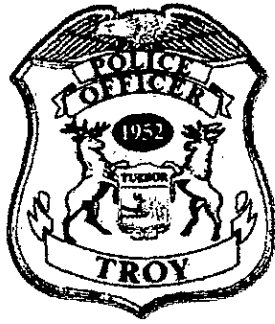

Below are some examples that you could copy/paste onto your portal.

Example #1:

Foster City Police Department

We're excited to announce that the Foster City Police Department has joined Neighbors. Your Ring Neighborhood just got a whole lot stronger. This will allow FCPD to post crime and safety incidents directly to your Neighbors feed to keep you informed of critical events. It will also enable FCPD to monitor suspicious activity and respond to posts. The Neighbors by Ring app allows you, the user, to see something and share directly with FCPD. You do not need Ring devices to participate, any video or photo can be uploaded to the Neighbors app. We are encouraging everyone to spread the word about the Neighbors app. We will review the posts daily to keep track of what is happening in the community. Sometimes we may reach out to the public for assistance. With everyone working together and sharing information, the City of Foster City will remain as one of the safest cities in California. Please be aware; you must still dial 9-1-1 for immediate police assistance. For all non-emergency assistance, please call 650-286-3300.

Example #2:

TROY POLICE

Troy PD

Troy Police Department Joins Neighbors

We are excited to be joining the Neighbors by Ring app. Neighbors will now allow you to connect with Troy PD about crime and safety events and help us with investigations. The more people that are on the Neighbors app, the better, so please help spread the word by having your friends text troymi to 555-888 or visiting <https://download.ring.com/troy>. Please continue to report crimes to us by calling Troy PD at 248.524.3477. ...Show Less

Requesting videos from Ring device owners can provide many leads, but you can always use more to close a case. Extend your investigation to non-Ring device owners in the area by **creating a Post** on the Neighbors Portal after submitting a Video Request.

Soliciting information from all neighbors in the area of interest increases your chances of receiving actionable evidence to help solve more cases with one click.

Best Practices

1. When submitting a Video Request, also **create a Post** to extend your reach
2. In your Post, ask neighbors to **share videos** from any kind of security camera or smart device
3. Provide your **contact information** so neighbors can reach out directly

Go to Neighbors Portal

**Vehicle Burglary-Window Smash**

On 2/4/19 between 08:30 AM to 2:30 PM a victim's vehicle was burglarized while parked in the Business Complex. The vehicle was locked, however, the suspect smashed the side window to gain entry. Once inside of the vehicle, the suspect removed the victim's purse. The TRPD is reminding our residents prior to locking and leaving your vehicle unaccompanied to conceal or remove any valuables such as pocketbooks, computers, cell phones, cash/loose change that may be in plain view. Always remember, if it is out of sight it will be out of mind!

Sir,

Please see the attached agreement between AVPS and Ring.com. I've also included the ***Neighbors Portal Reference Sheet*** for your review. The key point I would like to stress to you is working with Ring.com gives us access to the Neighbors Portal App. This App will allow us to leverage technology to work hand in hand with the citizens we protect every day. There is really no natural competitor for Ring in this segment because just like Twitter, Facebook, and Instagram, they have the best product at this time. We use those other platforms every single day because they have proven to be effective. I am waiting on information from Ring regarding success stories they have had with other agencies from across the country. I will forward it to you as soon as I receive it. Thank you for your time and consideration. Please call me if you have any questions.

Sincerely,

Sir,

Please see the attached agreement between AVPS and Ring.com. I've also included the ***Neighbors Portal Reference Sheet*** for your review. The key point I would like to stress to you is working with Ring.com gives us access to the Neighbors Portal App. This App will allow us to leverage technology to work hand in hand with the citizens we protect every day. There is really no natural competitor for Ring in this segment because just like Twitter, Facebook, and Instagram, they have the best product at this time. We use those other platforms every single day because they have proven to be effective. I am waiting on information from Ring regarding success stories they have had with other agencies from across the country. I will forward it to you as soon as I receive it. Thank you for your time and consideration. Please call me if you have any questions.

Sincerely,

-Chad

Ring wants to help reduce crime and increase safety in Aliso Viejo, California

Ring is excited to propose a solution to Aliso Viejo Police Services (AVPS) to help reduce crime and assist with investigations in your community.

Program Description

This program will provide AVPS access to the Ring Neighborhoods platform to communicate with Ring Neighbors and encourage community engagement as we work together to make Aliso Viejo neighborhoods safer.

- The Ring Neighborhoods platform is a digital neighborhood watch that both law enforcement and the public can access free of charge by downloading the Ring mobile app (iOS and Android).
- The app allows Ring Neighbors to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, AVPS may:
 - Utilize the critical crime and safety events that are posted in the app by neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep neighbors informed regarding issues in their neighborhoods.
- In addition, AVPS and Ring may work together to offer subsidized Ring cameras to select parts of Aliso Viejo.

Responsibilities

Ring

- Make the Ring App available to Aliso Viejo residents free of charge.
- Make the Ring Neighborhoods portal available to AVPS, free of charge, including support and training for AVPS employees.
- Work with AVPS to obtain data/call logs and publish the relevant incidents in the app based on terms agreed to with AVPS. AVPS will have the sole discretion to determine what information it will provide to Ring to be published. Because there is information that is exempt from public disclosure under the law or would compromise a pending investigation if publicly disclosed, any information provided to Ring will be information that the Sheriff's Department would make publicly available.
- As appropriate, subsidize the purchase of Ring cameras by Aliso Viejo residents as part of a formal subsidy program.

AVPS

- Engage the Aliso Viejo community with outreach efforts on the platform to encourage adoption of the platform/app.
- Maintain appropriate access controls for AVPS personnel to use the Ring Neighborhood Police

portal.

- Make publicly available data related to AVPS incidents/call logs available to Ring as determined by AVPS.
- Have the option, but not the obligation, to participate in a subsidized camera program.

Term

AVPS's participation in the program shall commence upon AVPS's acceptance of these program terms. Either party may terminate AVPS's participation in the program at any time upon providing written notice to the other party. The Ring Neighborhoods Portal will be available to AVPS upon its acceptance of these terms. The written notice required under this section is to be sent to the following persons:

For AVPS:

Name: Lt. Chad Kajfasz
Address: 12 Journey, Suite 100
Aliso Viejo, CA 92656-5335

For Ring LLC:

Name:
Address:

Press Release

The parties shall agree to a joint press release to be mutually agreed upon by the parties.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to AVPS without the prior consent of the owner or a properly issued subpoena or search warrant, as applicable. AVPS agrees not to use the Ring Neighborhoods Police Portal other than as expressly authorized by Ring in this agreement and in guidelines provided on the Neighborhoods Police Portal from time to time other than in connection with bona fide AVPS work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Ring app and Neighborhoods Police Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

The parties acknowledge that AVPS may be subject to certain laws or ordinances which require public disclosure of records and recordings obtained by AVPS and Ring agrees that certain records and materials, including this agreement, may be disclosed as required by law pursuant to lawful requests. Unless otherwise required by law, the Parties shall keep the terms of this program confidential.

I talked to Chad this afternoon and let him know we need to cancel the current agreement with ring.com. I told him I am not opposed to exploring various solutions that leverage porch cameras; however, we cannot endorse or sanction any one company. We discussed the challenges of "one-off" solutions and the need to approach things more globally.

Chad's willingness to explore technology and engage his community is very commendable. Please discuss with him further.

Thanks,
Jeff

Lt. Kajfasz, Acknowledging receipt of your email. I'll provide this to our legal team and will respond with a formal acknowledgement if appropriate.

We are of course disappointed by the setback, but we look forward to continued discussions with the Orange County Sheriff's Department on ways we can work together to reduce crime in local OC communities.

As always, thank you for your support.

Sincerely, Ray
